RE: FOIA EPA-R8-2013-007476

Dear Mr. Warren:

This is in response to your Freedom of Information Act request in which you requested documents on the East Helena site. Based on a conversation with Chuck Figur and his email to you dated July 24, 2013, EPA Region 8 will provide you an index of CERCLA documents and an index of RCRA documents relating to the Site. Attached electronically is the index for CERCLA documents.

Even though we have not yet finished creating a complete and accurate RCRA index, we have determined that we are able to release a preliminary index of releasable documents. Attached electronically is a preliminary RCRA index of releasable documents. Please be aware that it is not complete, and may not reflect all RCRA documents that EPA may determine are releasable to the public. In addition, it is possible that some small subset of documents on this index may need to be more thoroughly reviewed before actual release. Thus, subsequent to the date of this letter and the attached version of the preliminary index, EPA may determine that some documents on this preliminary index may not be releasable.

At this point, many documents listed on this index still need to be entered in to the electronic records system. In addition to having limited funds for this part of the effort, this step is further complicated by the fact that documents reside in both our Denver and Montana Offices.

Presently we hope to provide you the final RCRA index by September 30. The billing for your request will be provided to you when we complete the RCRA index.

Printed on Recycled Paper

If you have any questions regarding this response, please contact Chuck Figur at 303-312-6915 or Debbie Clevenger 406-457-5004.

Sincerely,

A handwritten signature in blue ink, appearing to read "Julie A. DalSoglio". The signature is fluid and cursive, with a large initial "J" and a long, sweeping underline.
